Notes for Budget Review

Overall operating budget has increased approximately \$21,000 from Fiscal Year (ending) 2024 to 2025

\$9,000 of the increase is in administrative costs due to increased taxes on Lebanon District property, Insurance and software support

\$12,000 of the increase is in lake health costs due to increased scope of Limnologist and testing fees related to invasive plants detected over the past 2 years

As a result we are asking for an increase in taxes related to the operating budget of \$20,500 per town in the district.

This increase is attributed to the use of \$39,000 surplus funds in the Fiscal Year end 2024 Budget

The increase is 21% compared to the Fiscal Year end 2024 budget

The Lebanon roads budget has increased \$8,000 from Fiscal Year (ending) 2024 to 2025

The roads have taken a beating in the past year due to heavier rain and wind. The increase is to begin a 5 year plan to improve all road surfaces to handle these events.

The improvements are to grade the roads and use larger material to handle the increased water.

Ryan Terrace is an example of the improvements we intend to make on most of the Lebanon roads and it has handled the increase in water far better than most roads in the district

The roads budget increase is \$8,000 which represents a 30% increase over the Financial Year end 2024

As noted this increase is intended to make improvements to the roads as the first year of an approximate 5 year plan

The net tax increase for Hebron residents is 21% and for Lebanon residents 29% (due to roads)
